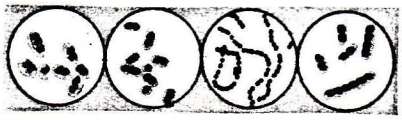
A WARNING FOR AMERICANS

Automatic "brains" that take your mind!

Even Pedestrians Will Ride

Tomorrow's babies will take their meals from paper nursing bottles, so cheap to buy that they can be thrown away after one use. Only the rubber nipple will be kept for next time. The endless nuisance of washing and sterilizing will be forgotten.



Wherever large crowds must be moved, the traveling sidewalk will be invaluable.

A new patented apple tree will appear in tomorrow's orchards, bearing glossy red fruit in midsummer. Branches will grow straight out horizontally, so that the apples can be picked in a fraction of the time required for present trees.
